## Part II Organizational Action Attach additional statements if needed. See back of form for additional questions.

**14** Describe the organizational action and, if applicable, the date of the action or the date against which shareholders' ownership is measured for the action ▶ The issuer made distributions in excess of its current accumulated earnings and profits. See Part II, Line 15 for the amount of these distributions per share.

**15** Describe the quantitative effect of the organizational action on the basis of the security in the hands of a U.S. taxpayer as an adjustment per share or as a percentage of old basis ▶ The issuer determined that the entire distribution paid each month is a return of capital. Statement 1 shows the reductions of tax basis on a per share per day basis.

**16** Describe the calculation of the change in basis and the data that supports the calculation, such as the market values of securities and the valuation dates ▶ The issuer's earnings and profits were calculated under IRC §312, as modified by Internal Revenue Code §857(d) for a real estate investment trust, and the regulations thereunder. Amounts distributed in excess of earnings and profits reduce the stockholder's basis in its shares, to the extent the stockholder has basis. If amounts distributed exceed the stockholder's basis, the stockholder will need to recognize gain, to the extent the distributions exceed the stockholder's basis.

**Part II** Organizational Action *(continued)*
